

• TOWER ASSEMBLY INSTRUCTIONS •

What you will need

LAY ALL PIECES FLAT

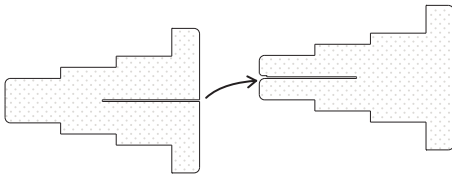

- (a.) 2 x Central Structure Pieces
- (b.) 3 x Tiers for Small Tower or
5 x Tiers For Large Tower
- (c.) 1 x Krispy Kreme Topper

Tip: Always construct the tower where you plan on displaying it. A flat surface is a must.

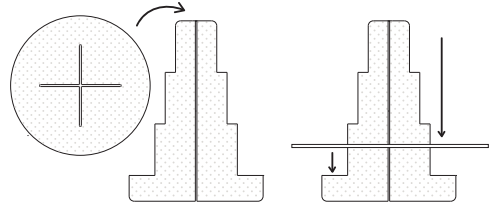

Do not move tower once filled with doughnuts. You will need a second pair of hands to build the large tower.

■ Step One ■

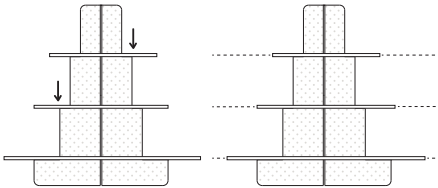

Slot the 2 central structure pieces together, ensuring the structure is able to stand on its own when slotted together.

■ Step Two ■

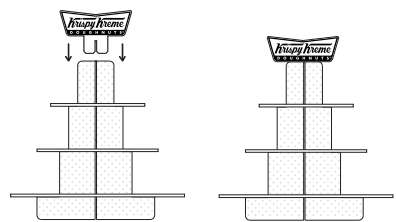

Start with the largest tier first, place the tier on to the stand at the cross cut-out and push to the bottom ledge.

■ Step Three ■

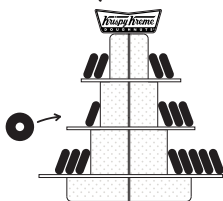

Place the additional tiers on to the structure and push down to meet the ledge(s). Make sure the tiers are straight and flat.

■ Step Four ■

Place the Krispy Kreme sign provided on top in the slot and you're done!

■ Step Five ■

Get stacking with the doughnuts.

Tip: Be creative with decorations - fresh flowers, edible glitter, themed props...your imagination is your limit.

Enjoy!
